RESOLUTION 2010-6

BE IT RESOLVED BY THE LEMHI COUNTY COMMISSIONERS:

WHEREAS, The Lemhi County Commissioners passed resolution #2010-5 appointing individuals to the Board of Appeals.

WHEREAS, The currently adopted International Building Code requires a Board of Appeals create policies and procedures.

BE IT RESOLVED that the Lemhi County Commissioners pass the Board of Appeals Policies and Procedures by resolution as follows:

Building Board of Appeals Policies & Procedures

Limitations on Authority:

An aggrieved party may not appeal a code requirement per se. The intent of the appeal process is not to waive or set aside a code requirement; rather, it is intended to provide a means of reviewing a building official's decision on an interpretation or application of the code or to review the equivalency of protection to the code requirements. An application for appeal shall be based on a claim that the true intent of the code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of the code do not fully apply or an equally good or better form of construction is proposed. The board has no authority to waive requirements of this code.

Board Decision:

The board may modify or reverse the decision of the building official by a majority vote of the members.

Chairperson:

On March 3rd of each year the board shall select one of its members to serve as chairperson.

Disqualification:

A member shall not hear an appeal in which that member has personal, professional or financial interest.

Ex Parte Communications:

Unless required for the disposition of ex parte matters specifically authorized by statute, a presiding officer serving in a contested case shall not communicate, directly or indirectly, regarding any substantive issue in the proceeding, with any party, except upon notice and opportunity for all parties to participate in the communication.

Notice of Meeting:

The board shall meet upon notice from secretary of the board. The board will meet the 2nd Wednesday at 2:00pm as needed. If there are no scheduled appeals the board will not be required to meet.

Open hearing:

All hearings before the board shall be opened to the public. The appellant, the appellant's representative, the building official and any person whose interests are affected shall be given an opportunity to be heard. The board shall set a time limit for testimony being at the discretion of the chairman before each meeting. Each person of interest will be notified before they give their testimony of the time limit. This is to insure the completion of the listed items on the agenda.

Hearings to be Recorded:

The secretary of the board shall keep transcribable records on file for at least six months after the final hearing.

Hearing Procedure:

1. A statement of the time, place and nature of the hearing
2. The board shall state their names for the record.
3. The chairman of the board shall ask the building official to present a report on the proposal being considered.
4. The board will then ask the appellant and/or representative to present the information they have based their appeal on.
5. The chairman will then give the appellant and the Building Department an opportunity to present evidence rebutting the other's position.
6. The Chairman will close the hearing and has up to 30 days to make a decision.

Decision of Record:

All decisions of the board must be writing and shall include:

1. Name, address or legal description of appellant along with a summary of the appeal brought before the board.
2. The code section(s) that is in question
3. Decisions must be based exclusively on the interpretation and true intent of the code
4. The decision shall be accompanied by a concise and explicit statement of the underlying interpretation and true intent of the code section being appealed.
5. All parties to the contested case shall be provided with a copy of the decision.
